

## Penny Stocks: How to Make Money and Avoid Losses

This book is written for the person who wants to invest in penny stocks. In other words this book is for beginners. It is true that some people have experienced some substantial gains with the right penny stock, but so have a lot of people become wealthy by winning the lottery. A lot more people have lost money in penny stocks than made money. The part of the market that caters to penny stocks is loaded with scams designed to fleece beginners. This book will not only show you how to identify and avoid these scams, but it will do more than that. It will give you a set of strategies that will start you on a profitable path to successful investing.
