

Ultimate Gay Sex

Elegant, sexy, provocative, and infinitely informative, this richly illustrated manual celebrates and explores every aspect of gay sex in over 300 photographs, from coming out, cruising, kinks, and one-night stands to staying healthy, finding a partner, and nurturing a relationship. Although the author never shies away from tough issues in gay life, he focuses on all the delightful permutations of good sex, including a range of exciting positions, many of them photographed for the first time.
