

## E-Commerce Guide to SEO, Copywriting, and Social Media

In the first edition of this e-commerce primer, accomplished Web Developer, Dan Cannon, covers a number of topics including:

**Chapter 1: Introduction**  
The introduction lays out what we will be covering throughout the rest of the book.

**Chapter 2: Types of E-Commerce Sites**  
We will briefly look at different types of e-commerce sites and their function.

**Chapter 3: General SEO Tips, Tricks and Techniques**  
This chapter will cover general SEO tips, tricks, and techniques for your website.

**Chapter 4: Product Reviews and Why You Need Them**  
Product reviews are very important to your site. This chapter explains why.

**Chapter 5: Leveraging Social Media**  
Like it or not social media is here to stay. Learn how to leverage this new media.

**Chapter 6: Hiring People to Help**  
Hiring people to work on your e-commerce site can be scary and overwhelming. Keep these tips and tricks in mind.

**Chapter 7: Measuring Results**  
You need to measure everything you are doing on your site.

**Chapter 8: Conclusions**  
What we've learned and what to do next.

**Who Should Read This Book?**  
- Anyone looking to start an e-commerce site  
- Anyone who is tired of overly technical articles and books on SEO, copy writing, social media, and e-commerce  
- Anyone who wants to increase sales on their e-commerce site.  
- Anyone who is looking to hire a professional to work on their e-commerce site. This book will teach you the questions to ask potential vendors so you won't get burned.  
- Anyone who has an interest in basic SEO, social media and e-commerce subjects
