

Who on Earth Is Archie Carr?: Protector of Sea Turtles (Scientists Saving the Earth)

Considered the worlds leading authority on sea turtles, Archie Carr was also well known for his eloquent books on nature and for his influential work in the protection and preservation of the natural world. In this biography, author Christine Webster tells about the life and work of Archie Carr who has made extraordinary contributions to sea turtle conservation by bringing attention to the worlds declining turtle populations due to over-exploitation and loss of safe habitat.
