

## Baby Eagles Wild Adventure

Baby Eagles Wild Adventure is a heart warming tale about a young elephant who leaves the safety of the herd to explore the African Plains, but soon realises its tough being a little elephant in a BIG world. Baby Eagle is an adventurous young elephant who lives with her loving family at a place known as The Water Hole. One day she decides to leave the safety of elephants home to explore the big wide world on the African Plains. She meets some very funny looking animals, some big animals, some friendly and some... well, lets just say you wouldnt want to join them for dinner! One day, Author, M.D. Chilcott was writing at his desk when his elephant loving, five year old daughter, Casey-Jane, said to him in a sweet voice, Daddy, could you write me an elephant book? How could one resist such a request? An idea was born; the next day M.D. and Casey-Jane dug out all of her safari toys from the toy box and began to play, as the game went on, a story began to emerge from Casey-Janes mind, names and all. The story of Baby Eagles Wild Adventure is the culmination of a loving father and daughter relationship, bundled into a childrens book for all to enjoy... all thanks to the imagination of a small five year old girl who simply LOVES elephants. Full of large, high resolution pictures, a user friendly interface and an easy to read story, Baby Eagles Wild Adventure is the perfect companion for reading in the comfort of your own home, reading on the go or the perfect bedtime story. Suitable for ages 5+
