

Magic and Witchcraft

Originally published in 1852, *Magic and Witchcraft* is a lively collection of gossip and fact, drafted in a scholarly tone. The *Economist*, at the time, dubbed it full of amusing and instructive reading. The book is bound together in this edition with a collection of rare and curious tracts on witchcraft and the so-called second sight originally published in Edinburgh, in 1820. The collection retains the original spellings, and includes accounts of trials, witness statements and imprisonment of witches during the period.
