

Xtreme Fish

From catfish weighing hundreds of pounds to small but vicious piranha, Xtreme Fish introduces readers to six of the worlds most unique underwater species. Full-color photographs show remarkable features from teeth to tail. Short, easy-to-read bursts of information provide details about each fish including where they are found and how anglers catch them. Aligned to Common Core Standards and correlated to state standards. A&D Xtreme is an imprint of Abdo Publishing, a division of ABDO.
