

Snakes (Welcome to the World of Animals)

Did you know that snakes have no eyelids, so they can't wink or blink? They even sleep with their eyes wide open. Popular children's author Diane Swanson takes young readers close to the earth to discover the world of snakes with cool facts and colorful photographs. Stories of amazingly fast snakes and snakes that know how to play dead will charm children. Discover where snakes make their homes, how they shed their skin, and what wild and wacky food they like to eat. About the series: Each book in the Welcome to the World of Animals Series introduces children to wildlife through color photographs, lively description and amazing facts.
